Best things in life are free from™/MC

Kinnikinnick's Promise

Crafting safe and scrumptious gluten-free baking since 1991, also **free from** dairy, nuts, peanuts and soy. Still family-owned, we're loved the world-over by those with celiac disease and on restricted diets.

Share the Best Things In Life with your family and friends, free from risk and worry.

GROCERY AISLE MIXES

Baked for sharing, our mixes are so good most people can't tell they're gluten-free. Pancake & Waffle Mix is a must-have, because families love it, allergic or not. Rachel Ray's Magazine tried 'em all and voted ours the best on the market.

GROCERY AISLE

BAKING PRODUCTS

We get accolades for these, even from those who can eat gluten. Free from the Top 8 allergens and vegan too.

Graham & Chocolate Crumbs are the perfect pantry addition for making cookies and desserts.

There's no crispier, browns-better gluten-free Panko on the market. A seasonal favourite at Christmas and Easter, year-round for Mac 'n Cheese and au gratin dishes.

Vegan

The only gluten-free bagel baked true to the New York style, boiled first, just like the real 'thing'.

Chewy crusts outside, super soft inside - yet totally spreadable.

Free from top 8 allergens, yet so full of flavour.

KEEP FROZEN

We blush with all the compliments we get for our tender, super-flaky Pie Crusts everyone loves. So easy to use. People who don't know they're gluten-free can't tell the difference.

Same goes for our pizzas & flatbreads. Everyone loves the taste, texture and how well they hold all those favourite toppings.

Safe and Scrumptious since 1991

Kinnikinnick Foods has been **pioneering gluten-free and allergy-friendly foods since 1991**. That's three decades of brand loyalty and some of the most popular baked goodies on the market.

Our owners, the Bigam family, eat gluten-free and understand first-hand the need for guaranteed safe and scrumptious baked goodies. It's trust that has customers always coming back for more.

15,000+ stores in the US and Canada stock our brand, based on a stellar reputation built over the years. We operate two dedicated free from top-allergens bakeries, 150,000 sq ft in total – that's a couple of the biggest gluten-free bakeries in the world. We have over 160 staff.

Our **safety and supply chain protocols** are the most stringent in the business. Our in-house lab tests guarantee all products are **free from gluten, dairy, nuts, peanuts and soy**. Those allergies cover ten to thirteen percent of the US population. A market that grows daily **as allergies rise** and those affected actively seek out our specific niche products.

We're **proudly certified** by the **GFCP, BRC Global, OU Kosher** and **Snack Safely**.

All products are **free from GMO's**. Four have been approved by the **Non-GMO Project**, with more in the pipeline.

Given the **rise in vegetarian and vegan** diets we recently added **VegeCert** to our list of endorsements; please look for the logo on select packaging.

We're also **embracing trends to plant-based** eating by inventing new products free from egg as well as reformulating popular lines with improved egg-free recipes. With four senior food scientists on our team, we've got a **packed roster of innovation** lined up in new products for the coming year.

And because our customers know we genuinely care about their health, we're one of the only companies to **enrich our breads and buns with vitamins and minerals**; as well as **add fibre and protein** whenever possible.

All in all, when you're looking for gluten-free bakery products, Kinnikinnick is your **safest bet for guaranteed sales** because we're the only brand that truly understands why, for those on restricted diets, the Best Things In Life Are Free From.
