KEEP FROZEN

Vegan

We blush with all the compliments we get for our tender, super-flaky Pie Crusts everyone loves. So easy to use. People who don't know they're gluten-free can't tell the difference.

Same goes for our pizzas & flatbreads. Everyone loves the taste, texture and how well they hold all those favorite toppings.

FREEZER MUFFINS

Individually wrapped, these muffins are the perfect size for grab 'n go breakfast, snacks or lunch boxes. From catering to camping, allergy-aware customers love these ever-popular flavors.

KEEP FROZEN

Vegan

Safe and Scrumptious since 1991

Kinnikinnick Foods has been **pioneering gluten-free and allergy-friendly foods since 1991**. That's three decades of brand loyalty and some of the most popular baked goodies on the market.

Our owners, the Bigam family, eat gluten-free and understand first-hand the need for guaranteed safe and scrumptious baked goodies. It's trust that has customers always coming back for more.

15,000+ stores in the US and Canada stock our brand, based on a stellar reputation built over the years. We operate two dedicated free from top-allergens bakeries, 150,000 sq ft in total – that's a couple of the biggest gluten-free bakeries in the world. We have over 160 staff.

Our **safety and supply chain protocols** are the most stringent in the business. Our in-house lab tests guarantee all products are **free from gluten, dairy, nuts, peanuts and soy**. Those allergies cover ten to thirteen percent of the US population. A market that grows daily **as allergies rise** and those affected actively seek out our specific niche products.

We're **proudly certified** by the **GFCP, BRC Global, OU Kosher and Snack Safely**.

All products are **free from GMO's**. Four have been approved by the **Non-GMO Project**, with more in the pipeline.

Given the **rise in vegetarian and vegan** diets we recently added **VegeCert** to our list of endorsements; please look for the logo on select packaging.

We're also **embracing trends to plant-based** eating by inventing new products free from egg as well as reformulating popular lines with improved egg-free recipes. With four senior food scientists on our team, we've got a **packed roster of innovation** lined up in new products for the coming year.

And because our customers know we genuinely care about their health, we're one of the only companies to **enrich our breads and buns with vitamins and minerals**; as well as **add fibre and protein** whenever possible.

All in all, when you're looking for gluten-free bakery products, Kinnikinnick is your **safest bet for guaranteed sales** because we're the only brand that truly understands why, for those on restricted diets, the Best Things In Life Are Free From.
